Puunene Juniors Give Good Promise

In the junior series the Puunene babies overcame the Waialua Gym kindergarten by a score of 2 to 1, last Sunday. Puunene has a likely looking crowd of kickers, which, with a little development, should make a formidable team that might well engage some of the senior teams later on.

Next Sunday's game is called at 4:15 p. m. and will be between the Puunene boys and the Waialua Sugar Company.

The standing in the Junior League at present is as follows:

Team	P.	W.	L.	Pct.

Indian Spring To Enter Maui Races

John O'Rourke, owner of Indian Spring, the runner whose showing in a recent race at Kapiolani track was the subject of comment in Honolulu says that the horse is not lame, and was not lame the day of the race, as averred by T. Buel, the jockey who was up.

More than that, Mr. O'Rourke purposes to bring Indian Spring to Maui for the race meet to be held during the fair and to enter the horse with others of his string to show that the lameness is a myth.

Mr. O'Rourke says that his contract with Buel has come to an end.

"Indian Spring is not lame," said Mr. O'Rourke, "and had no lameness that could cause her to lose a race. I am going to Maui and will enter my horse."

"But the same boy who rode Indian Spring in Honolulu will not ride my horses in Maui," he added.

Denationalizing Is Decided Upon

Baldwin National Bank decided to denationalize at the meeting held last Saturday. Beyond that no action was taken, is the announcement of D. C. Lindsay, cashier. The decision to denationalize carries with it operating under the territorial banking laws.

Without doubt the action taken by the Baldwin National presages embarkation on a wider business than was formerly conducted. The bank loses nothing by the change. Where there are federal offices to make a bank their depository, there are reasons for the existence of national banks, as in Honolulu one is necessary. Here on Maui there are no such federal institutions except the post office and the opportunities lost by nationalization have little or nothing to compensate.

If the Baldwin bank, when it operates as a territorial institution, decides to extend, broaden out and open branches, as rumors say it will do, there will then be nothing to prevent.

Fireworks Display Is Offered to Fair

For the purpose of presenting a proposal to the Maui County Fair and Racing Association to put on a fireworks display during the fair such as was presented in Honolulu in connection with the American Legion celebration of Fourth of July. He told yesterday of the steps he took on the mainland toward interesting the theatrical interests which have taken a long lease on the property and of the class of amusements which it is planned to offer in the new theater.

each number they would progress to the next table thus giving the opportunity to make a wider acquaintance during the afternoon and adding to the sociability of the affair.
